SUMMARY

Backend Developer with hands-on experience in **PHP (Laravel), Python (FastAPI), REST API development, MySQL, PostgreSQL, and Docker**. Experienced in building enterprise-grade engineering and financial applications, designing databases, implementing secure authentication systems, and developing scalable backend services. Contributed to the development and migration of business-critical applications, including the transition of a Sensor Calibration Management System from **Laravel to FastAPI**.

TECHNICAL SKILLS

Backend: PHP (Laravel), Python (FastAPI), REST APIs, OOP

Databases: MySQL, PostgreSQL ERD Design

Tools & Platforms: Docker, Keycloak, Postman, Azure DevOps, Git, VS Code, Cursor, Wiki.js

Frontend (Basic): React, JavaScript, TypeScript, HTML, CSS

EXPERIENCE

Encardio-Rite Pvt. Ltd., Lucknow

Software Apprentice – Edge of Technology (R&D Dept) | Jan 2025 – Jan 2026

Sensor Calibration Management System

- Developed backend modules and workflow automation using **Laravel** and **MySQL** for an internal calibration management platform.
- Contributed to the migration of the application from **Laravel to Python FastAPI**, ensuring continuity of business workflows.
- Built and optimized REST APIs, backend processes, and database operations for calibration and sensor management.
- Designed and maintained database structures for calibration records, reports, and operational data.

Internal Financial Dashboard

- Developed backend APIs and business logic for financial reporting and data management.
- Implemented pagination, filtering, reporting features, and secure data access controls.
- Integrated **Keycloak-based authentication** and role-based access control (RBAC).

Additional Contributions

- Worked in Docker-based development environments for application deployment and testing.
- Assisted with database design, backend testing, deployment activities, and technical documentation.

EDUCATION

B.Tech – Computer Science & Engineering

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow

CGPA: 7.66/10 | **Graduated:** July 2024

CERTIFICATIONS

- National Apprenticeship Training Scheme (NATS) – Software Apprentice
- Web Development Internship Certificate – Zidio Development
- Web Development & Job Preparation Training – Internshal
